EXTRAS	
Electric Start Petrol & Diesel Available	SMC Filter Regulator
4 x 10" Wheel Kit for 110L Tank	2 x 10" Wheel Kit for 50L Tank

DISP CFM: Displacement CFM is the theoretical maximum volume of air which can be delivered by the air compressor pump.

FAD CFM: Free Air Delivery CFM describes the actual volume of air which is available for use at the exit port of the air compressor tank.

WARRANTY

• 3 Years on Belt Drive Pump

• 5 Years on Tanks

• Manufacturers on Engines
